

INNOVATION SERIES : REVIT STRUCTURE ESSENTIALS (FULL COURSE)

DURATION : 3Days
9:00am - 6:00pm

Description :

This is an introductory course for people who have never done anything like this before. It makes no assumptions about your technical knowledge. This course is open to anyone who wishes to learn Revit. This course begins with the fundamentals of Revit 2021 and on to teaching you how to create a house project from scratch.

Training Includes :

- +Understanding the Revit launch screen and how to start and exit the software
- +File Tab, Quick Access Toolbar, Tabs - Ribbons and Panels, Creating a New File
- +Project Browser, Properties Pallet
- +Status, View Controls, Navigation, and Contextual Tab
- +How to Make a Wall and Recognize Its Properties Commands for editing
- +Developing a three-dimensional house design

Who Should Attend?

Graphic Designers, Engineers, Animators, Architects, Interior Designers, Students, and anybody else interested in learning how to utilise Revit can enroll in this course.
